Sir:

Submitted herewith on Form PTO/SB/08 is a listing of documents known to Applicant in  
order to comply with Applicant's duty of disclosure pursuant to 37 CFR §1.56.

A copy of each non-U.S. patent document and each non-patent document is being  
submitted to comply with the provisions of 37 CFR §1.97 and §1.98.

The USPTO has waived the requirement under 37 CFR 1.98(a)(2)(iii) to submit copies of  
cited pending applications which are stored in the USPTO's Image File Wrapper (IFW) system.  
Applications filed on or after June 30, 2003, and international applications that have entered the

national stage on or after June 30, 2003, have been or are being scanned into the IFW system. Accordingly, copies of these types of documents are not being supplied in connection with this application. Reference is being made to OG Notice dated October 19, 2004, *Waiver of the Copy Requirement in 37 CFR 1.98 for Cited Pending U.S. Patent Applications*.

The submission of any document herewith, which is not a statutory bar, is not intended as an admission that such document constitutes prior art against the claims of the present application or that such document is considered material to patentability as defined in 37 CFR §1.56(b). Applicant does not waive any rights to take any action which would be appropriate to antedate or otherwise remove as a competent reference any document which is determined to be a *prima facie* art reference against the claims of the present application.

The present application is legally related and/or contains subject matter related to a large number of pending U.S. applications and/or granted U.S. patents. A listing of these related applications/patents is provided below and also on the SB/08 form submitted herewith. Applicant respectfully requests that the Examiner consider any references cited in these related cases.
